Hi Nida,

The \$101M activity in line 14 was specifically mentioned, but I expect the concern would also apply to line 15, as that is \$78M. Those are the two that stand out to me, though the FO did not flag specific lines, other than the \$101M.

Thanks,
Jen

Hi Jen. Thanks for the feedback. Do you have any more detail you could share on which particular activities they are flagging?

Nida,

The FO is reviewing these waiver requests but remarked on the high funding amounts of the contracts. They are asking whether there is a way to pay for 60 days to avoid holding up life-saving meds, while still reviewing the contracts and whether there are more reasonable ways to do this.

Thanks,
Jen

Dear ES colleagues,

Please find the GH Bureau submission of activities approved under the blanket waiver [here](#).

Obligation/Disbursement Forms corresponding to each activity are linked in the first column for ES to transmit to SBO Jackson for his approval.

Please let us know if you have any questions. Thank you for helping to streamline this important process!

Best,
Nida
